# Red Carpet Redux

Awards season is in full swing, and that means just three things: It's time to play, primp, and pamper. So do as the A-listers do... bust out the speed dial and let the indulging begin. *By Elycia Rubin*

## THE GLOW

**THE ORGANIC PHARMACY:** This UK favorite, specializing in 100-percent organic beauty treatments and products, has finally hit Stateside. Stock up on the company's all-natural products and book the 90-minute Rose Crystal lymphatic facial—complete with hand, foot, and scalp massage—and your skin will rival that of the stars on the red carpet. *The Organic Pharmacy, 453 North Beverly Drive, Los Angeles, 310-272-7275; theorganicpharmacy.com.*

## POWER Primping

**MESODERM AT VIDA EMANUEL EUROPEAN DAY SPA:** If those pesky lines and wrinkles leave you longing for a little fine-tuning (but you're terrified of needles), this fix is for you. Mesoderm utilizes electrical pulses to transmit wrinkle-smoothing solutions into the dermis, helping skin look as flawless as a Herrera gown. *Vida Emanuel European Day Spa, 9406 Dayton Way, Beverly Hills, 310-246-5111; vidaemanuel.net.*

**KATE SOMERVILLE'S DERMAL QUENCH FACIAL:** With all those bright lights and flashing bulbs, the red carpet ruthlessly reveals dry skin. This ultrahydrating treatment will ensure a luminous close-up. *Kate Somerville Skin Health Experts, 8428 Melrose Place, Suite E, Los Angeles, 323-655-7546; katesomerville.com.*

**HOLLYWOOD SECRETS:** It's like an eye lift packed into a tiny cotton swab! Break off the tip, let the tightening solution saturate the other end of the swab, then apply all around the eye area for a fast-acting pick-me-up that lasts up to 12 hours. *Visit h-secrets.com.*

## THE GLOSS

**MARK STEPHENS AT BYRON WILLIAMS:** He's the go-to guy for natural-looking highlights. Get ready for lots of compliments. *Byron Williams Salon, 9294 Civic Center Drive, Beverly Hills, 310-276-4470; byronstudio.net.*

**SHU UEMURA TAKE CONDITIONING TREATMENT AT JUAN JUAN SALON:** Treat your locks to this 25-minute customized indulgence that includes a shiatsu-inspired scalp massage. Your hair will shine just like that little golden statue. *Juan Juan Salon, 9667 Wilshire Boulevard, Beverly Hills, 310-278-5826; juanjuansalon.com.*

## The Suite Life

The Bacara Resort & Spa's new suites offer a dream home away from home. *BY APRIL WALLOGA*

**THE VILLAS OF THE BACARA RESORT & SPA** dot the cliffs of the Gaviota Coast in a Mediterranean-style labyrinth. Perched on the summit of this peaceful retreat are the resort's "suite" new additions—the Penthouse and Sea Haven Suites. These crisp, modern dwellings are surrounded by expanses of ranchland, woods, beachfront, and mountains. Comprising 2,000 square feet and with open floor plans, the units have generous balconies and floor-to-ceiling windows to frame every breathtaking view and admit the smells and sounds of the ocean. The suites feature sleek oak flooring and details with a counterpoint of plush seating in natural fibers; modern artwork and a subtly retro décor add a polished and intimate feel. The master bedrooms, occupying separate wings with a private terrace for each, house lavishly outfitted king-size beds and adjoining master baths with air-jet soaking tubs. After a day of exploring trails on the 1,000-acre ranch and neighboring forest, you can curl up on the bedside couch in front of a crackling fire. Sound up your alley? It can all be yours. *Visit bacararesort.com.*
